

Mauru'uru

Maluhia – a mystery-KAL in four stages

Hashtag: #TahitiKAL

Tahiti is not only an island in the South Pacific: it is also an extraordinarily light, summery cotton yarn from Schachenmayr that is perfect for light, airy patterns.

„Mauru'uru“ means „Thankyou“ in the Hawaiian language. We would like to thank you all very much for your participation in what is now the fifth TahitiKAL.

So we, Schachenmayr and I, would like to invite you to join us in knitting our **fifth** shawl #TahitiKAL in four stages.

Part 1: published March 22, 2024

Part 2: published April 5, 2024

Part 3: published April 19, 2024

Part 4: published May 03, 2024

Finale: May 17, 2024 – we all show are project.

Share your project with us! It's fun to knit together!

- On Instagram, use the hashtag #TahitiKAL and link @schachenmayr and me @feinmotorik.blogspot in your photos and texts so we can find you.
- reate your project page on **Ravelry** and link it to the design so you can discover all the other projects.

Colors:

The following Colors were used for the model:

Color 1: 00002 natur,
2 balls (solid Color)

Color 2: 00034 pfirsich,
2 balls (multi Color)

Size

• • •

L x W: 222 x 77 cm

Materials

• • •

Schachenmayr Tahiti
(99% cotton,
1% polyester, 280 m / 50 g)

Total of balls 4
(2 Colors,
2 balls of each Color)

Circular needle 3,25 mm
[US3], 80 cm long
(or use the needle size you
need after making
the gauge)

2 stitch markers

1 tapestry needle, scissors

Gauge

• • •

24 st / 36 rows = 10 x 10 cm
using needle size 3,25 mm
work in the pattern
of part 1, after washing
and blocking

Hit: work the gauge in ,
Color 2, since the pattern
requires less of this Color.

Note on Colors: Every ball of Schachenmayr Tahiti is wound in a different Color sequence. Therefore, 2 balls of the same Colorway might look very different. Since the scarf is worked in a variety of stitch patterns, we recommend using long, subtle Color sequences.

Material:

You need 179 g Schachenmayr Tahiti:
89 g Color 1 and 90 g Color 2.
2 balls of each voo (Color 1 and 2) – total of balls 4.

These instructions include a 10% “cushion” in the stated amounts of yarn to accommodate any knitters who wish to work with a slightly different stitch gauge. Therefore, when working your swatch, be sure that your gauge does not vary from the instructions by more than 10%. Otherwise, you might run out of yarn at the end of your work.

Alternative yarn:

If you prefer to knit with cotton yarn rather than pure merino wool, you can alternatively take k [Schachenmayr Merino Extrafine 285](#). A ball is almost as long as the Schachenmayr Tahiti-ball and can easily replace Schachenmayr Tahiti.

Construction:

All sections are built upon each other in terms of shape and number of stitches. If you feel you want to make adjustments to the shawl (make it bigger or smaller), please wait until all 4 sections are released before you try calculating the measurements.

To the MysteryKAL:

These instructions are free to anyone who wants to join in the KAL. If you don't like the shawl, you can simply knit one of the other free TahitiKAL designs that have already been released. There are three of them: Maeva, Mahana or Manuia (free download; can be found on the Schachenmayr website or at ravelry.)

Size:

Selvage stitches:

In every row (RS and WS rows) of part 1 to 3, you always work 6 selvage stitches: at the beginning and at the end of the row work 3 stitches in gather stitch – knit all stitches in RS and WS rows.

The selvage stitches are included in the text.

The holes created before resp. after the selvage stitches by working yarnovers, are important for the elasticity of the longer upper edge. Therefore, you should take care not to work the selvage stitches too tightly.

Let's get started!

PART 1

Cast on

Using needle size 3,25 mm [US3] and col. 1 (00002 natur), cast on 3 st. Work 6 rows in garter stitch (knit all RS and WS rows, do not work the stitches to tightly). Do not turn the work, but turn 90 degrees clockwise to the right.

Note:
The way the stitches are cast on, is also called the 'Garter-Tab'-method. You can find several tutorial about this 'Garter-Tab'-method on the internet.

Pick up 3 st at the border in garter stitch, turn the work again 90 degrees clockwise to the right, pick up 3 st at the cast on-edge and k3 = 9 st.

Work the first part in col. 1 (0002 natur). The center stitch between the SM is shown bold, so you can recognize immediately. The chart for row 1 to 40 on page 6. To keep the instructions as short and clear as possible, there is a difference between the repeating pattern sections in the instructions and in the chart. However, the result is exact - regardless of whether you work according to the instructions or the chart.

Note: Because it is difficult with an lace pattern to correct stitches or take out entire needles to reabsorb the stitches, I advise every knitting fan to thread in a so-called auxiliary thread at regular intervals. Should you have made a mistake, you can take out the work à the auxiliary thread without any problem.

PART 3

Begin the third part in the same way as part 2 ended.

You now work German Shorts Rows the same way as you worked them at the righthand side.

Only turn the work, do not make a turning stitch.

Turn the work, so the first row is a WS row.

row	RS WS	col	work	stitches

210	RS	1	Purl all st.	118
211-246			Repeat rows 205 to 210 in the corresponding col. 6x more, until there are 10 st in the last German Short Row in col. 1. ✓ □ □ □ □ □ □ = 357 st. Cut col. 2.	10
In the next WS row work all 357 st, the holes created in the German Short Rows are underlined with an additional yarnover. To work the selvage stitches in garter stitch, always knit the selvage stitches. This means that you knit all st in rows 246 and 247. If you don't like this, you can purl the selvage stitches until row 273.
